

ELECTRONICS MANUFACTURING SUMMIT

6 March 2020, New Delhi

About Electronics Manufacturing Summit (EMS)

EMS is one of a kind Summit organized annually by MAIT that provides a platform for industry leaders, government representatives and subject matter experts in the electronics sector to discuss challenges, opportunities, and provide a road map for promotion of electronics hardware manufacturing in India

EMS 2020

To achieve NPE 2.0 target of creation of \$400-billion electronic manufacturing ecosystem by 2025 with focus on export-led manufacturing; India needs to bridge its disabilities vis-à-vis other manufacturing destinations to attract electronics manufacturing in the country. MAIT is organizing “ Electronics Manufacturing Summit” to bring together all the stakeholders on a common platform to have a 360° analysis.

Event will have the following Sessions: -

Session 1: - Nurturing the ESDM Industry for Producing Electronics for India, and Exporting for World (NPE 2.0)

Session 2: - Logistics and Supply Chain Integration for Export-led-manufacturing

Session 3: - E-Waste Management, Compliance, and Recycling

Session 4: - Making India an Electronics Service Industry Hub

Glimpses of Past Events

Partnership Opportunities

The Summit will provide our partners direct access to a target group of audience both at Government & Corporate level and offer B2G, B2B, and B2C opportunities.
